

**This holiday,  
give the gift that  
keeps the gift giving.**

**An Extended  
Service Plan.**

**Buy an extended service warranty—  
and give them peace of mind.**

Purchasing an Extended Service Plan increases the value and enjoyment you'll get out of the product you've bought. It also saves you time and hassle and anxiety in the event something does go wrong.

According to a Consumer Reports Product Reliability Survey\*, 23 out of 25 product types tested had double digit failure rates and needed repair within three to four years.

That's where your Extended Service Plan comes in. A pre-screened national network of trained professionals available for in-home service. 24-hour toll-free product assistance. Lightning and surge protection. An Extended Service Plan brings convenience, peace of mind, and more.

So give your loved ones — and yourself — the extra assurance of an Extended Service Plan.

**Providing quality service and convenience to millions of Americans**
